**Jaster-Quintanilla (JQ) Opens Office in Fort Worth;
Current TCCD Downtown Campus Project and Business Growth
in Tarrant County Cited for Expansion**

Dallas, TX, July 5, 2007 – Jaster-Quintanilla (JQ), the structural and civil engineering firm founded by David Quintanilla, P.E. and Gary W. Jaster, P.E. in Austin, Texas, has expanded its operations in the North Texas region by announcing its new Fort Worth office location at 1227 W. Magnolia Avenue in Fort Worth, Texas.

Mr. R. Rene Avila, PE, Associate will be Structural Department Manager for the Fort Worth team which will include Mr. Carlo Taddei, PE, Senior Project Manager for structural engineering and Mr. Mark LeMay, AIA, Senior Project Manager for building condition services.

According to Mr. Stephen H. Lucy, P.E., JQ/Dallas Principal, "Our Dallas office has grown significantly in recent years from work throughout the region. As structural engineer of record for the TCCD downtown campus, we believe the time is right to establish a Fort Worth presence and build on the momentum created by such an outstanding community project."

Citing strong development activities throughout Tarrant County, particularly northwest Fort Worth, Mr. Lucy adds, "We want to be responsive to our existing clients in Tarrant County and accommodate new clients as we grow in that market."

In addition to the TCCD downtown campus project, JQ has been engaged by JPS Healthcare System Northwest, the Polytechnic Community Health Clinics, and the City of Fort Worth Water Department for the Eagle Mountain Pump Station.

Founded in 1984, Jaster-Quintanilla (JQ) provides structural and civil engineering services and surveying for the built environment. In addition to the Fort Worth office, the firm has offices in Austin, Dallas, Houston and San Antonio.
